

## The Cost of Upkeep

A run-down business is like a dilapidated house, the cost of putting either one back on its feet is often greater than it would be to start all over again.

To let the telephone run down, in quality of service or in mechanical equipment, would mean far more than a loss to the telephone company, it would mean a loss in business to every user of the telephone.

It has always been the policy of the Bell Telephone Company to keep its property in such repair that its subscribers receive the greatest possible benefit.

But to keep things "ship shape" requires money, more money today than ever before. Materials cost more and wages have increased in an attempt to keep pace with the increased cost of living.

The Bell Telephone Company is working hard to make ends meet, to keep its property in proper operating condition—and to pay wages which will secure the most intelligent and loyal service for the telephone user.

YOUR loyalty to the telephone will make it easier for us to serve you.

## Hines Says Roads Must Go Back to Private Ownership

INDIANAPOLIS, Oct. 15.—Unless legislation looking to the return of roads to private ownership takes definite shape during December, the country will be disastrously handicapped next year in having its business moved, according to Walker D. Hines, director general. Mr. Hines spoke tonight at a dinner of the National Association of Railway and Utilities Commissioners, in convention here.

Mr. Hines called attention to the urgent need for additional facilities for handling the increasing amount of railroad business and said, in view of the announcement by the president that he intended to hand the roads back to their owners December 31, early action by congress is vitally important in order that the private owners may see where they stand and begin in time to plan for additional facilities for moving their business.

Turning to the operating costs of the railroads under government control, Mr. Hines declared that it has been the custom of critics of the administration to dwell upon the extreme cases of increases in pay of railroad employees as one of the causes of increased cost of operation.

"In a matter of this sort," he said, "we must look at the general situation and not the extreme cases. The general situation is that the average increases in rates of pay which have been made for railroad employees throughout the United States has been about 50 per cent over the rates of pay which were in effect in December, 1917. I have yet to learn of any important industry which has shown a more conservative average of increase in pay in the same time."

Among other items which the director general cited in connection with operation costs, was a saving of fifteen to twenty million dollars annually through improved methods of handling locomotives in round houses and at terminals, and a saving of from twenty to thirty million dollars in conservation of locomotive fuel.

Mr. Hines declared that he believed "the present habit of conceding labor unparingly" was unjust and that he believed the extreme positions taken by labor have been reactions from unjust and extreme positions taken by employers in the past.

## EPISCOPALS TO TAKE DEFINITE STAND ON LEAGUE

DETROIT, Oct. 15.—Determined that the triennial general convention of the Protestant Episcopal church shall take a definite stand on the league of nations issue, southern delegations are marshalling their forces against the resolution adopted by the house of bishops that the United States enter into "a covenant of nations."

Dr. G. Gordon Smeade of Jackson, Miss., characterizing the resolution, which was fathered by Bishop Chauncey B. Brewster of Connecticut, as "spineless, colorless and meaningless," declared today that he will wage a fight to prevent its adoption in the house of deputies. With him are aligned the southern delegations, almost solid, he stated. Dr. Smeade has before the house of deputies a resolution endorsing the league of nations covenant in its present form.

Ostensibly to prevent delay in legislative action of the house of delegates because of the heavy program yet untouched, a proposal that there be no debate on the league of nations was made and approved today, 307 to 118. Presentation of further resolutions, however, will be permitted.

Dr. Smeade declared this action "establishes a dangerous precedent in muzzling freedom of speech," and said the league issue is above politics, "the greatest issue before the world today, the greatest document that ever emanated from the mind of man."

The board of missions today asked the convention to authorize a campaign among the church membership for pledges to finance the church work extension program, to cost an undetermined amount, that probably will reach \$100,000,000.

The program interprets the work of the church in this country in relation to five major groups of people, the Indians, negroes, isolated mountaineers of the Appalachians, people of the rural districts and foreign born and their children.

"Church member" is to be defined, if a proposal to consider as members all persons baptized in the church, made in the house of deputies today, is adopted. It is stated this would increase the record membership of the church perhaps from 25 to 50 per cent. The house of bishops adopted a resolution to close the convention on October 24.

Suffragan bishops elected by dioceses will hereafter be given a vote as well as a seat in the house of bishops. Provision was made by the house of bishops for shorter Old Testament lessons and action of the house of deputies providing that three tables of scriptural lessons be placed on trial with the next convention. This occurred in these are steps toward a settled lectionary.

## HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Advertisement.

## NEW FLOW OF LAVA.

HILO, T. H., Oct. 15.—A new flow of lava from Mauna Loa already has wiped out one ranch and damaged another. Cows are being driven to high ground to escape the lava. The lava is flowing from the base of the volcano in the direction of the city.

Reports were received yesterday that the movement of lava into the ocean had stopped.

## BISURATED MAGNESIA

For Dyspepsia, Indigestion

Heartburn, Belching, Sour Acid Stomach, Gas in Stomach, etc., take a teaspoonful of Bisurated Magnesia in a half glass of hot water after eating. Is safe, pleasant and harmless to use and gives almost instant relief. It neutralizes stomach acidity and sweetens the food contents so that digestion is easy and painless. Sold by druggists everywhere.—Advertisement.

## Major Barthold Sixth to Reach Atlantic Coast

MINEOLA, N. Y., Oct. 15.—Major J. C. P. Barthold, sixth of the San Francisco starters to reach the Atlantic coast, landed at Roosevelt field this afternoon at 5:28:03, after being held at Mineola for more than 24 hours by inclement weather.

Captain Spatz and Captain Smith put off in the afternoon on the return journey to San Francisco. Captain Smith is reported to have reached Buffalo tonight at 6:33:20.

Lieutenants Kiel and Worthington both expect to get away tomorrow on the return trip, it was said. A new motor is being installed in Lieutenant Worthington's machine but he expects to hurry things along and get away tomorrow.

The mallard duck is the original from which most domestic ducks are descended.

## LIVESTOCK SHOW TO AWARD CHILDREN'S PRIZES

Officials of the Ogdens livestock show have announced that special prizes will be awarded children who are interested in stock raising. The prizes will be awarded for the best sow and litter, best fat hog over six months old, best fat hog over one year, best dairy calf, best baby beef and best "bum" lamb. The first award in each case will be a cash prize of \$10 with other awards of \$7.50, \$5.00 and \$2.50. A complete record of each animal, however, must be shown. The best record holder will be awarded a large loving cup.

## Office Buildings Change Hands In Salt Lake

SALT LAKE, Oct. 16.—Purchase of the Godbe-Pitts property, at the southeastern corner of First South and Main streets, by the Utah Home Fire Insurance company and the Beneficial Life Insurance company for \$550,000, announced yesterday, is one of the largest real estate transfers ever recorded in Salt Lake.

The deal was made through Heber J. Grant & Co. and involves the buildings occupied by the Owl Drug Co., the United Cigars Co., the Barker bakery, Ray & Harvey's restaurant, and several other firms. The property was sold by the Clayton Investment Co., which has owned it since Colonel N. W. Clayton bought the corner several years ago from the Julia Kimball estate.

The transfer includes 100 feet frontage on Main street, and 157 feet frontage on First South street, which takes in the Kenneth Culmer block.

The intention of the new owners, according to the announcement, is to erect a large office building, in which both of the insurance companies and Heber J. Grant & Co. will be established. Some of the leases of the present tenants will run for a year or more, and until these lapse no building plans can be carried out, it is said.

## CUT THIS OUT—IT'S WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thorough cleansing cathartic for constipation, biliousness, headache, and sluggish bowels. A. R. McIntyre Drug Co.—Advertisement.

## Free Speech Fight Will Go to Court

PITTSBURGH, Oct. 15.—The fight for free speech and free assemblage which the steel strikers' claim has been denied them in the Pittsburgh district will probably be carried to the courts, according to an announcement made today at the national headquarters of the unions involved in the strike.

W. B. Rubin, counsel for the strikers' national committee, today notified Mayor E. V. Babcock of Pittsburgh, Sheriff William Haddock, of Allegheny county, and all the burghesses in the steel towns in this vicinity that the union organizers will make a test case of the alleged rulings of the public officials in denying the strikers the right to hold meetings.

Companies Claim Improvement. Continued improvement in conditions from the employers' viewpoint was claimed today by steel companies in the Pittsburgh district. There were no important changes announced.

Strike headquarters had nothing to give out on the general situation. William Z. Foster, secretary of the national strikers committee, said he had no reports and added that "no news is good news."

## Nun Murdered And Body Buried Under a Church

LELAND, Mich., Oct. 15.—Further testimony that Sister Mary John, a Felician nun, who mysteriously disappeared from the convent at Isadore, Mich., where she was a teacher in 1907, was killed by an unnamed woman and that the body was buried under Holy Rosary church at Isadore, was given today at the trial of Mrs. Stanislaw Lychinski on a charge of murdering the nun. The witnesses were Rev.

## ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin, boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacturing Co. of Monoaceticacidester of Salicylicacid.—Advertisement.

## Who's the Profiteer?

"Not I," says the packer. "Not I," says the manufacturer. "Not I," says the retailer. "Surely not I," says the consumer with the flat pocketbook. "And positively not the farmer!" thunders

## The COUNTRY GENTLEMAN

True enough, the farmer has profited by war prices. But to what extent? Well, he has been able to paint his house so it looks as well as the grocer's in town.

He has been able to buy an automobile as good as the plumber's. His family has been able to wear clothes as good as the other church folks. In other words, the farmer for the first time has had a fair living wage for his labor, with a little return on the capital he has invested in his farm and its equipment. The farmer is not a profiteer, and THE COUNTRY GENTLEMAN will fight to prove his right to a fair profit for his labor and his products.

A year's subscription to THE COUNTRY GENTLEMAN (52 issues) is the biggest dollar's buy on the market. Get your money's worth—a hundred times over—by letting me order it for you today. Remember—

ONE DOLLAR A YEAR IS ALL IT COSTS!

Father Joseph A. Lempke, father confessor, and Sister Antonina, sister superior of the Felician convent, Detroit.

Father Lempke testified that he was informed in 1915 by Bishop Edward Kozlowski of Milwaukee, who died shortly afterward, that the nun had been killed and buried under the church. Last year, when a new church was about to be erected at Isadore, the witness said, he gave the information to the parish priest, here thinking he might wish to reinstate the body in a cemetery before excavation was begun for the new building. Father Edward Podlaszewski, the Isadore pastor, then ordered the body disinterred and the investigation that followed resulted in the arrests of Mrs. Lychinski.

Sister Mary Antonina corroborated Father Lempke's testimony. The story came to her, she stated, from Mother

Mary Veronica, mother provincial of Milwaukee, who quoted Bishop Kozlowski as saying Sister Mary John "did not forsake her vow at Isadore but was killed by a woman and buried under Holy Rosary church there."

HUGO HAASE VERY WEAK. BERLIN, Oct. 15.—Deputy Hugo Haase, leader of the independent Socialists who was shot recently as he was about to enter the national assembly in Munich tonight. He is delirious and too weak to undergo the operation which is deemed necessary.

WAS FRIEND OF HILL. TARRYTOWN, N. Y., Oct. 15.—Col. James McNaught, Seattle lawyer, and friend of the late James J. Hill, dropped dead today at the railroad station here while waiting for a train. He had been visiting his daughter, Mrs. Ernest E. Ling. He was 78 years old.

## Tobacco Hardens the Arteries, Overtaxes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been able to stand the strain of the war, the tobacco, and most of them would soon get well if they would only stop the use of tobacco.

The best known habit forming principal of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons, which when absorbed by the system slowly, but surely, affects the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some its causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, mental confusion, etc., in others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests. Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before

taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beat is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are doing yourself harm.

poisoning yourself, with the insidious deadly drugs, nicotine and furfural. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol. Take one tablet after each meal will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol, one of our leading druggists said: "Nicotol is truly a wonderful remedy for the tobacco habit. It is easy and safe, and it is the only remedy that will refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee. See all up-to-date druggists, including the McIntyre Drug Co.—Advertisement.
